

# TOUGHPAD FZ-B2

**TOUGHPAD**

## FULLY RUGGED ANDROID TABLET THAT'S SIMPLY MORE POWERFUL

The rugged, 7-inch Panasonic Toughpad® FZ-B2, now powered by Android™ 6.0.1 (Marshmallow) and the latest Intel® Atom™ x5-Z8550 processor is an easy-to-use, enterprise-grade productivity booster that works rain or shine.

With durability, power and a range of configuration options – at a price within reach of any business – the Toughpad FZ-B2 features a faster CPU, upgraded rear camera and Wi-Fi chipset, a quick-charging, user-replaceable full-shift battery and a Near Field Communications option. With a fully rugged and sealed design, the thin and lightweight Toughpad FZ-B2 is built for long-lasting durability where others fail.
